

## **COURSE OFFERING – FALL 2018**

Attached is the course offering list for F2018 Registration. The course offering is subject to change including teacher names.

### Table of Contents

#### Concentration Courses

200.11 – Music & Science	Pages 1-9
200.B0 – Science	Pages 10-15
300.11 - Music & Social Science	Pages 16-24
300.A0 - Social Science / Commerce	Pages 25-32
500.11 – Music and Arts Literature and Communications	Pages 33-39
500.AE – Arts Literature & Communication	Pages 43-47
501.A0 – Music	Pages 48-50
700.A0 – Arts & Science	Pages 51-52
700.B0 – Liberal Arts	Pages 53-65

#### General Education

English	Pages 66-69
French	Pages 70-72
Humanities	Pages 73-75
Physical Education	Pages 76-80
Complementary Courses	Pages 81-87

#### Additional Course Information

Physical Education information	Pages 88-96
Social Science Information	Pages 97-99

**SCHEDULE OF CLASSES - FALL 2018**

**200.11 - Music & Science**

## PHYSICAL EDUCATION

### WHAT DO WE DO IN THE:

#### 109-101: PHYSICAL EDUCATION AND HEALTH?

**COMPETENCY:** To analyze physical activity within the context of lifestyle behaviours that promote health.

This course focuses on HEALTH! Students study the physical, psychological, social and intellectual benefits of physical activity as they learn how to choose safe and effective activities for all components of fitness. By sampling a variety of activities, students will identify personal needs, interests and motivational factors that will potentially lead to an active lifestyle. Students also analyse how nutrition, stress and time management influence their overall wellness.

**Additional fees are required for courses marked with an asterisk (\*). Choices may include:**

#### **FITNESS**

Each class introduces cardiovascular, muscular and flexibility activities using a variety of apparatus. Students learn how to use free weights, cardio and weight-training machines according to their needs and abilities. Weather permitting, classes may also include outdoor activities such as power walking, jogging or games.

#### **FITNESS/BARRE**

Barre class workouts use your whole body with exercises designed to chisel and sculpt your muscles while working your core, stability and posture. It is a combination of Basic fitness exercises, Pilates and ballet into one workout.

#### **FITNESS/GAMES**

A variety of activities are used to develop cardiovascular endurance, muscular fitness and flexibility. Cardiovascular fitness is the primary focus of the course and will be developed through the following games: soccer, basketball, floor hockey, throtton, badminton, touch football, Ultimate, capture the flag, dodgeball, etc.

#### **FIT/KICK**

This course offers a variety of workouts that help increase overall fitness level in a fun way. Students improve their cardiovascular, muscular and flexibility level by using kickboxing and Thai boxing. The class integrates combinations of punches, kicks, pad work, sparring, muscular and motion exercises to strengthen and tone, as well as stretching to develop flexibility. Weather permitting, classes include outdoor training. Students must purchase boxing gloves (\$35).

#### **FITNESS/YOGA**

Cardio activities include stationary equipment, steps, circuits and sun salutations. A variety of yoga poses develop muscular and flexibility components.

### **FITNESS/ZUMBA**

Zumba is an easy and fun dance fitness program featuring movements inspired by various styles of Latin and World music. This course combines all elements of fitness – cardio, muscle conditioning, balance and flexibility through Zumba and complementary fitness activities.

## PHYSICAL EDUCATION

### WHAT DO WE DO IN THE:

#### 109-102: PHYSICAL EDUCATION AND SKILLS?

**COMPETENCY:** To demonstrate improvement in a physical activity.

This course focuses on skill development and acquisition. By critically assessing their strengths and challenges, students develop, and apply, a plan of action that leads to improvement in the basic skills required for the physical activity.

**Additional fees are required for courses marked with an asterisk (\*). Choices may include:**

#### **BADMINTON**

This course is designed to introduce students to the fundamental strokes and strategies of singles and doubles play. Skills and strategies are developed through drills, patterns and games.

#### **BASKETBALL**

Students learn fundamental skills (passing, shooting, lay-ups, etc.) and strategies (offensive and defensive) that enable them to play pick-up basketball as part of their activity repertoire in the future.

#### **CROSS COUNTRY SKIING \* (WINTER SEMESTER)**

Students learn basic cross-country skills as they sample ski trails at Parc Bois-de-Liesse, and Gai-Luron in Bellefeuille. Practice sessions and trip preparation lectures take place on campus and at Mt. Royal. The \$110 course fee covers equipment, transportation, assistants and facility costs.

#### **CYCLING \* (FALL SEMESTER)**

In this intensive course, which runs until mid-September, students learn how to prepare for longer bike trips. Theory components include: basic bike maintenance, training techniques, cadence and pacing, safety, road rules and trip preparation. Two cycling day trips on weekends take place primarily on bike paths. The first trip (approximately 45-60 kilometres) is an urban cycling experience in Montreal. The second trip (approximately 50-75 kilometres) takes place in the Laurentians on the Petit Train du Nord. **Students must provide their own compulsory helmet and a reliable bike, which must be in good working order.** The \$105 course fee covers all expenses including transportation to the venues and assistants.

Activity	Dates (Must be available for all)	Time
Lectures:	Aug. 20, Aug. 27, Sept. 6, Sept. 10	6:15-9:00pm
Trip 1 (Montreal Area)	Saturday, Sept. 8th	8:00-5:00pm
Trip 2 (Laurentians)	Saturday Sept. 15th	8:00-6:00pm

#### **DANCE**

Basic dance elements of Hip Hop, Jazz and Modern are covered through choreographies adapted to beginner and intermediate dancers.

## **FLOOR HOCKEY**

Students learn fundamental skills (passing, shooting, stick handling, etc.) and strategies (offensive and defensive) that enable them to play pick-up floor hockey as part of their activity repertoire in the future.

## **INTRO TO OUTDOOR EDUCATION \* (WINTER SEMESTER)**

Students are introduced to camping (with and without a tent!), canoeing, nature observation, fire building (with and without matches!) and other basic survival skills at Camp Kanawana in the Laurentians. This course offers students a unique opportunity to become more aware of nature by learning how to move as quietly as a fox, listen as attentively as a deer and search for the presence of wildlife and identify medicinal and edible plants by using all their senses. The \$205 course fee covers the costs of transportation, equipment, assistants, accommodations and meals.

## **MARTIAL ARTS\***

Students learn fundamental offensive and defensive strategies that enable them to defend themselves. Kickboxing and Jiu-Jitsu are part of the curriculum. Students learn how to strike properly using pads and their partners. They also learn how to defend themselves against an attack on the ground. They must purchase shin pads (roughly \$15) and boxing gloves (roughly \$35).

## **NATURE CANOEING\* (FALL SEMESTER)**

This intensive course introduces basic canoeing skills, enabling students to pursue canoeing safely in the future. Students learn how to increase their awareness of nature by identifying medicinal and edible plants and trees and searching for the presence of wildlife. Nature Canoeing day trips take place up north at Camp Kanawana and at Parc de la Rivière-des-Mille-Îles in Laval. Students should be comfortable in deep water while wearing a lifejacket. The \$125 fee covers all expenses, including canoe rental and transportation to the venues.

<b>Activity</b>	<b>Dates (Must be available for all)</b>	<b>Time</b>
Lectures:	Aug 16, 23, Sept. 5 and 13	6:15-9:00pm
Trip 1 (Camp Kanawana)	Sunday Aug 26	8:00-6:00pm
Trip 2 (Parc Rivière des Mille Îles)	Sunday Sept. 9	8:30- 6:00pm

## **SOCCER**

Students learn fundamental skills and offensive and defensive strategies that enable them to play soccer as part of their activity repertoire in the future. Taught on the sports field in the fall, this course finishes in Mid-October to early November.

### **TOUCH FOOTBALL (FALL SEMESTER)**

Students are introduced to the sport of touch football using drills, mini-games and games. All basic skills of touch football are covered at introductory and intermediate levels. No previous experience is required. Taught on the sports field, this course finishes in mid-October.

### **ULTIMATE**

This course will introduce the fundamental skills and strategies of organized Ultimate for the beginning to intermediate player. Ultimate requires development of the following individual skills: disc throwing/passing/catching, running/cutting and marking. Students will also learn to practice effective communication with teammates.

### **VOLLEYBALL**

Students are introduced to the sport of Volleyball through cooperative activities, lead up drills, mini games and games. We will cover the fundamental skills, (volley, bump, serve, etc...), as well as offensive and defensive strategies, (3 hit plays, net play, W-formation, etc...). Emphasis will be placed on improving individual skills and abilities while developing a strong, positive and co-operative team environment.

### **YOGA**

In this introductory yoga course, students will learn basic and intermediate yoga poses. They will learn how to synchronize breath to movement and energy flows.

## PHYSICAL EDUCATION

### WHAT DO WE DO IN THE

#### 109-103: PHYSICAL EDUCATION & AUTONOMY ?

**COMPETENCY:** To demonstrate the ability to responsibly engage in physical activity which promotes health.

Students in this second year course focus on taking responsibility for their active lifestyle. Students are provided with the opportunity to be autonomous, apply safe and effective training principles, manage their time and set clear goals as they design, and implement, a personalized activity plan. By working out on their own (known at the College as “ponderating”\*) throughout the semester, students demonstrate that they can improve their fitness. As a result, there are no intensive courses. All 103 courses continue for the duration of the term.

\*Marianopolis provides 24 hours of free time in the Fitness Centre per week, overseen by a qualified and knowledgeable Fitness Monitor.

**Additional fees are required for courses marked with an asterisk (\*). Choices may include:**

#### **BADMINTON**

Students participate in a variety of badminton drills, patterns and matches to develop cardiovascular fitness and muscular endurance. No previous badminton experience required.

#### **BASKETBALL**

Students work on their cardiovascular endurance through a variety of mini-games, drills and full-court scrimmages in a fun, safe, cooperative setting. Muscular activities are introduced periodically and each class ends with a stretching routine.

#### **CARDIO DANCE**

All students are welcome in this course which focuses primarily on cardio fitness through follow the leader, and group aerobic dance movements.

#### **CROSS TRAINING**

Students get fit by trying different training techniques TRX, ladders, sliders, cardio, rebounders, weights, resistance bands, powerwalking and partner work, indoors and outdoors. This course introduces many types of exercises that condition the entire body.

#### **CYCLING \* (FALL SEMESTER)**

This is an intensive cycling course to learn how to ride safely in a group and how to prepare for longer trips. Most of the course will take place from the beginning of the semester until mid-September with three more classes later in the term. **To register for this course, students must**

**be available for all classes and outings.** The theory components include: basic bike maintenance, training techniques, design of a personal training program, cadence and pacing, safety, road rules and trip preparation. There will be two exciting day trips on weekends that take place primarily on bike paths. The first trip (approximately 45-60 kilometres) is an urban cycling experience in Montreal. The second trip (approximately 50-75 kilometres) takes place in the Laurentians on the Petit Train du Nord. **Students must provide their own compulsory helmet and a reliable multi-gear bike in good working order.** The \$105 course fee covers all expenses including transportation to the venues and assistants.

Activity	Dates (Must be available for all)	Time
Lectures:	Aug. 20, Aug. 27, Sept. 6, + 3 in October & November	6:15-9:00pm
Trip 1 (Montreal Area)	Saturday, Sept. 8th	8:00-5:00pm
Trip 2 (Laurentians)	Saturday Sept. 15th	8:00-6:00pm

### HIKING \*

Students learn how to increase their nature awareness by searching for the presence of wildlife as they explore the neighbourhood during class time (seven to eight classes over the 15-week semester) and hike the trails of Morin Heights and Mont St. Bruno on two separate day trips. The \$95 course fee includes transportation, assistants and trail fees.

Trip	Date (Must be available for all)	Time
Mont Saint-Bruno	September 22th 2017	10am – 8 :00pm
Morin Heights	October 13th 2017	11 :30am- 8 :00pm

### RUNNING\*

The main focus of this course is cardiovascular fitness through running. Students train predominantly outside in the neighbourhood streets and on Mont Royal. Students will enter a 5km race at **Parc Lafontaine in Montreal on Sunday October 14<sup>th</sup>**. The \$23 course fee covers the race fee.

### ORIENTEERING\*

Orienteering is an outdoor activity that uses a map and a compass to navigate through different terrain and environments. We will primarily focus on local areas with an emphasis on hiking/walking and applying map and compass reading skills. It is a class which will increase your enjoyment of the outdoors and promote environmental awareness. The class will take place over 12 weeks in the 15 week semester with 1 Saturday orienteering competition. There will be a 15\$ fee to cover the cost of competing in the orienteering competition.

### SELF-DEFENSE\*

Students learn fundamental offensive and defensive strategies that enable them to defend themselves. Aikido, Krav Maga and Jiu-Jitsu are part of the curriculum. At the end of the semester, students are able to defend themselves in different situations such as chokes, bear

hugs, strikes and attacks on the ground. Students must purchase shin pads (roughly \$15) and boxing gloves (roughly \$35).

### **SNOWSHOE HIKES \* (WINTER SEMESTER)**

Experience the mystery and fun of a moonlight snow shoe adventure up north, and increased nature awareness by identifying nature, and searching for the presence of wild life on the snow-covered mountain trails of Morin Heights. Students will also meet for seven to eight classes over the 15-week semester to design and implement their Personal Activity plan, snowshoe, hike and powerwalk. The \$95 course fee includes transportation, assistants, snowshoes and trail fees.

### **SOCCER**

Students participate in a variety of mini-games, drills and games as they experience a good cardiovascular and muscular endurance workout. Team work, movement, support for teammates and fun-safe competition will be emphasized. In the fall semester this course will be held indoor/ outdoor weather permitting and the for the winter semester indoor only.

### **STRESS MANAGEMENT**

Students learn and use a variety of techniques in order to help manage stress. These include: physical activity; communication and conflict resolution skills; perspective and self-awareness; time management and a variety of relaxation techniques, such as meditation, autogenics, visualization and progressive relaxation.

### **TEAM SPORTS**

Students participate in a variety of sports that promote a good cardiovascular workout. Movement, teamwork and safety are emphasized during the mini-games, drills and full-court scrimmages introduced. Students have an opportunity to select the sports played from the following list: Soccer, floor hockey, basketball, touch football, handball, badminton, low organizational games, volleyball, tchoukball, and more...

### **ULTIMATE**

Students work on their cardiovascular endurance through a variety of mini-games, drills and scrimmages in a fun, safe, cooperative field and gym setting. Muscular activities are introduced periodically and each class ends with a stretching routine.

### **YOGA**

Students will learn the basics to the PowerYoga program developed by Beryl Bender Birch which include proper breathing techniques, rooting skills and a variety of different yoga postures. The course also includes cardiovascular training in various forms using machines, and a variety of equipment in a circuit fashion.

### **WEIGHT TRAINING**

This course will teach students how to properly strength train using a variety of exercise equipment with emphasis on proper alignment and safe lifting methods. In addition, the students will learn how to increase cardiovascular endurance and flexibility.

# REGISTRATION FALL 2018

## FIRST YEAR STUDENTS

### Honours Social Science Students

- First Year Honours Social Science students must take the dedicated section of *Introduction to Psychology* (350-102 41) taught by Julie Andrews.
- Students will be pre-registered in the course automatically.

### Honours Commerce Students

- First Year Honours Commerce students must take the dedicated section of *Fundamentals of Business* (401-931 41) – Bruno Delorme. Students will be pre-registered in the course automatically.
- First Year Honours Commerce students must take a section of *Introduction to Macroeconomics* (383-920). All sections of this course will be open to Honours Commerce students, including section 7 (Math and Finance)

### Math and Finance Students

- First Year **Math and Finance** students will be pre-registered in:
  - *Fundamentals of Business* (401-913 41) – Bruno Delorme
  - *Macroeconomics* (383-920 07) – TBA
  - *Calculus I* (201-NYA 13) – Christopher Turner
- Students will be pre-registered in the courses automatically.

## SECOND YEAR STUDENTS

### Honours Commerce Students

- Second Year Honours Commerce students must take the dedicated section of *Linear Algebra* (201-105 21) – Veronique Godin, provided a minimum grade of 75% is obtained in *Calculus II* 201-203.
- Students will be pre-registered in the course automatically.

### Math and Finance Students

- Second Year **Math and Finance** students will be pre-registered in:
  - *Linear Algebra* (201-NYC 13) – Hadi Bigdely
  - *Probability and Statistics* (201-LCW 01) – Louise Nobile
- Students will be pre-registered in the courses automatically.

## COURSES

Whether you are in Social Science Profiles or in Commerce, or taking a complementary course in Social Science and Commerce, check out our **New and re-vamped Courses!**

- **Business and Social Responsibility (360-929 Selected topics in the Social Sciences)**

This course seeks to provide a social and environmental component to students' education about business. The course introduces concepts which the modern businessperson, owner or student must consider in order to be successful. Operating a business in the 21st Century is far more complicated than in the past. Focusing solely on the bottom line and shareholder wealth is not sufficient. In fact, today's most successful organizations, as measured by both shareholder value and public image, are dedicating significant resources (time, money and effort) toward ensuring a strong corporate image, environmental sustainability, social responsibility, diversity and more. This course introduces students to these concepts and links them with a comparison of those organizations that "do" social responsibility well and those that do it poorly.

- **Sociology of Media (387-929 Topics in Sociology)**

This course examines the role of the media in modern society. Key concepts and theories of mass communication are presented and applied to such topics as: the impact of new media (internet, social networking and emerging communication technologies); television, radio and recorded music; news media and politics, advertising and propaganda, sexual and violent content and the powerful influence of U.S. popular culture on Canadian culture.

- **Introduction to Finance (383-929)**

Finance is about money. Every business and every person manages money, while hoping to boost the value – the value of his company, the value of her wealth, the value of his savings. But what is a value? How can one find a value for stocks, bonds, mortgages, companies, etc.? This course discusses valuation methods for various securities as they relate to risk and return. Whether a student pursues a career in finance or simply wants to manage his or her own money, this course provides theoretical knowledge and practical applications in the world of finance.

## **OTHER COURSE RECOMMENDATIONS**

**The introductory course in Anthropology (381-900) has been re-vamped!! See Jennifer Campbell office (B-226) or contact Ms. Campbell by MIO, if you have questions about the course.**

This course introduces students to the primary subfields and practices of anthropology, through the viewing and analysis of documentary and ethnographic film. Over the course of the semester students will be exposed to various styles of filmmaking used by anthropologists in their efforts to document human experience and deepen understandings of cultural difference. Classroom screenings will be complemented by lectures, selected readings, and occasional attendance at local film festivals. At the end of the semester, students have the option to create their own short ethnographic film on an anthropological topic of their choosing.

**The course World Geography (320-103) is especially recommended for the Global Studies and International Affairs students, but is a great option for students in other profiles;**

Geographic literacy is critical in a globalizing world. This course introduces students to the fundamental content, concepts, and methodology of geographic inquiry and provides a comprehensive view of the world through the study of the distinctive traits that characterize the planet's highly diverse and yet intimately interconnected places and regions. Students learn to carefully observe and describe patterns in the physical and human landscape and to ask the deeper questions about how they came to be and why they continue to change. As we explore such themes as globalization, international development,

geopolitics, population growth and migration, and environmental sustainability, students begin to appreciate the interconnectedness of our world and how the study of geography contributes to a more complete understanding of contemporary global issues.

**If you have taken *International Relations* (385-950), you are eligible to take the Upper Level course entitled *Third World Politics* (385-946). Here is a description of the course:**

What is the Third World? What are the opportunities and challenges facing the Third World today? This course is designed to answer these questions by examining the politics of international development. The course will begin by discussing the different definitions and theories of development, in addition to the identification and definitions of the Third World. It will then look at the different actors (local, regional, and international) who have an impact on the development of these countries. The second part of the course will look more closely at the current issues in development, such as democracy, the environment, gender and inequality.

***Third World Politics* (SSS-LAQ). See Rebecca Lee office (B221) or contact Dr. Lee by MIO, if you have questions about the course.**

Here is a description of the course:

What is the Third World? What are the opportunities and challenges facing the Third World today? This course is designed to answer these questions by examining the politics of international development. The course will begin by discussing the different definitions and theories of development, in addition to the identification and definitions of the Third World. It will then look at the different actors (local, regional, and international) who have an impact on the development of these countries. The second part of the course will look more closely at the current issues in development, such as democracy, the environment, gender and inequality.

#### **Law, Society and Justice Profile**

- It is strongly recommended that you take the following courses to enhance your learning experience in the Law, Society and Justice Profile;
  - *Fundamentals of Law* (401-900)
  - *Forensic Psychology* (350-928)
  - *Human Rights in the Modern World - Under 20<sup>th</sup> Century History* (330-972)
  - *Understanding Power* (385-941)
  - *Third World Politics* (385-946)
  - *Social Inequalities and Social Problems* (387-963)
  - *Criminology* (387-962)
